PLAN YOUR TRIP

HOW TO GET HERE

There are daily flights from major airports, including Jakarta and Singapore, to Balikpapan, which is the closest airport to the Samboja Lodge in East Kalimantan. Upon request, we can arrange transportation to and from the airport!

WHEN TO VISIT

We are open year-round, but the rainy season is from November to February. April to October is usually drier and the preferred time for visiting. Wildlife can be seen throughout the year.

WHAT TO EXPECT

We are located just south of the equator in a tropical climate. Please be prepared for warm temperatures, moderate humidity, semi-rugged terrain, and a variety of insects. See our website for further information regarding local conditions.

VISIT OUR SAMBOJA LODGE

BORNEO ORANGUTAN SURVIVAL FOUNDATION

Come stay with us and make lasting memories of Borneo! Our Lodge at Samboja Lestari will offer you not only the forest escape of your dreams, but also give you insight into what needs to be done to save Bornean orangutans and their rainforest homes.

Situated in the middle of 1,800 hectares of lush forest vegetation, Samboja Lodge is the perfect place for you to learn first-hand what it takes to rebuild a forest and protect its wildlife.

Samboja Lodge is uniquely designed based on local architecture. Its interior and exterior walls are made from recycled materials and decorated with Kalimantan handicrafts produced by Dayak and other local communities.

During your stay you will find yourself in the middle of our East Kalimantan Orangutan Reintroduction Program which cares for and rehabilitates displaced or orphaned orangutans who were rescued from areas of habitat loss. The centre is also home to one of the world's largest sun bear sanctuaries.

We offer the best in ecotourism, from experiences that give you an inside look at our orangutan and sun bear care activities to thrilling, outdoor adventures. Check out some of our offerings:

The Samboja Lodge is about an hour's drive from the vibrant seaport city of Balikpapan on the island of Borneo, hidden within a reforested paradise.

The following tours are offered daily and are complimentary with any room reservation:

ORANGUTAN ISLANDS

Visit the man-made islands where unreleasable orangutans live comfortably in a semi-wild environment. Join our team to learn more about Asia's only great ape!

SUN BEAR SANCTUARY

Here you will discover how the smallest bear in the world plays an important role in the environment as you observe them directly with us at one of the world's largest sun bear sanctuaries.

The following tours can be booked individually, but at additional cost:

BLACK RIVER

Take an early morning or a late afternoon boat ride along the Sungai Hitam, also known as the Black River, in search of the Endangered proboscis monkey and other wildlife. A local fisherman will guide you on this tidal river.

CANOPY WALK

At Bukit Bangkirai you will feel like a proper jungle trekker as you navigate a series of suspension bridges and walking trails while in search of native wildlife.

Get a taste of adventure in the Bornean rainforest when you stay at our Lodge. Our unique, exotic rooms are a comfortable oasis during your exhilarating visit to the great wilderness.

KING ROOM

IDR 2,900,000/night

Experience waking up on top of Samboja Lodge's forest canopy. You will start your day greeted by sunrise and wind down with a breath-taking sunset!
